NMIAC § 90-20-035 is amended by the addition of the following new subsection (i) and the re-designation of subsequent subsections:

(i) “Destination enhancement” means a project to maintain or beautify a tourist site, a major roadway, or a pedestrian mall.

NMIAC § 90-20-201 is amended to read as follows:

§ 90-20-201 Methods of Source Selection

All Bureau contracts shall be awarded by competitive sealed bidding, except as provided in:

- (a) § 90-20-210 (Small Purchases);
- (b) § 90-20-215 (Sole Source Procurement);
- (c) § 90-20-220 (Emergency Procurement);
- (d) § 90-20-225 (Competitive Sealed Proposals);
- (e) § 90-20-230 (Professional, Advisory, or Technical Services); and
- (f) § 90-20-235 (Marketing Proposals); and
- (g) § 90-20-240 (Destination Enhancement Projects).

NMIAC Chapter 90-20, Part 200 is amended by the addition of the following new section:

§ 90-20-240 Destination Enhancement Projects

(a) Any contract for destination enhancement of \$25,000 or less may be conducted pursuant to this section.

(b) The Chair of the MVA Board is the expenditure authority for destination enhancement purchases of \$15,000.01 or greater. The Chair of the MVA Board delegates the expenditure authority for destination enhancement purchases of \$15,000 or less to the Managing Director.

(c) MVA may make destination enhancement purchases of \$15,000.00 or less by any commercially reasonable method and shall exercise best efforts to ensure responsible expenditure of MVA funds. If the destination enhancement purchase is for \$5,000.00 or less, MVA may use a purchase order for the transaction. Procurement requirements shall not be artificially divided so as to constitute a destination enhancement purchase under this section.

(1) The Managing Director shall maintain a destination enhancement purchase log. For each destination enhancement purchase of \$15,000 or less, the log shall contain:

(i) The date of the purchase;

(ii) The name of the vendor;

(iii) The goods or services purchased; and

(iv) The purpose of the purchase.

(2) The Managing Director shall provide the destination enhancement purchase log to any board member upon request.

(3) For destination enhancement purchases of between \$5,000.01 and 15,000.00, at least one business shall be solicited to submit written, electronic, or oral quotations that are recorded and placed in the procurement file. Award shall be made to the business offering the lowest acceptable quotation. The names of the businesses solicited to submit quotations, the names of the businesses submitting quotations, and the date and amount of each quotation shall be recorded and maintained as a public record.

(d) Insofar as it is practical for destination enhancement purchases of between \$15,000.01 and \$25,000.00, no less than three businesses shall be solicited to submit written, electronic, or oral quotations that are recorded and placed in the procurement file. If fewer than three businesses submit quotations, the Managing Director shall certify, in writing, that there are fewer than three responsive vendors available. Award shall be made to the business offering the lowest acceptable quotation. The names of the businesses solicited to submit quotations, the names of the businesses submitting quotations, and the date and amount of each quotation shall be recorded and maintained as a public record.

B. In addition to the standard terms and conditions and standard special conditions of parole, the Board of Parole or the Chief Parole Officer may impose and require additional special conditions of parole, either at the time of the parolee's release on parole or at any time while parolee remains under parole supervision. Imposition of additional special conditions may vary, but in imposing them, the Board of Parole or the Chief Parole Officer is guided by the following criteria:

- (1) Reasonable relationship between the additional condition imposed and the parolee's previous conduct, present situation and capabilities;

- D. Reasonable and necessary changes to a parolee's standard special terms and conditions of parole may be temporarily imposed by the Chief Parole officer by giving written notice of the new condition and the reasons for such imposition to the parolee and the Board of Parole or designee. Such temporary modification shall be imposed for a period not to exceed ninety (90) days. If within the ninety (90) days the Board of Parole, or any Board of Parole Member authorized by the Board to do so, agrees with the imposition of additional special terms and conditions of parole, the condition will be permanently imposed on parolee and notice of same shall be given to parolee. In the event the Board of Parole, or any Board of Parole Member authorized by the Board to do so determines such imposition does not satisfy Section B above, a Notice of Rescission of Temporary Additional Special Conditions shall be provided to the parolee.
- E. A parolee may request a temporary exemption or permanent change to parolee's terms and conditions of parole. Such request must be made in writing to the Chief Parole Officer, and shall set forth the reason for the desired change or exemption. The request must be submitted three (3) working days in advance of the desired temporary exemption or permanent change. If, and only if, the Chief Parole Officer agrees such exemption or change should be granted, the Chief Parole Officer will, as soon as practical, bring the request to the attention of the Board of Parole or Member authorized by the Board to grant such changes and exemptions. The change or exemption authorization shall be valid only after the authorized Member concurs with the Chief in writing. In the event that the Board of Parole Member authorized by the Board to grant such changes and exemptions deems that the request should be heard by the entire Board of Parole, the requested change will be submitted to the Board of Parole for consideration and determination within a reasonable time.

VIII. REVOCATION PROCEEDINGS:

- A. The Board of Parole, or any Board of Parole Member authorized by the Board, may, if parolee is alleged to have violated parolee's parole, summon a parolee to appear at a preliminary hearing. Alternatively, if parolee is alleged to have violated parolee's parole, the Board of Parole, or any Board of Parole Member authorized by the Board, may issue an order suspending parolee's parole and a warrant ordering parolee to be apprehended and detained pending further action by the authorized member or by the entire Board.
- B. If a Parole Officer has probable cause to believe that a parolee has violated a condition of parole and that an emergency situation exists, and in awaiting an order of the Board of

Parole would create an undue risk to the public or to the parolee, the Parole Officer shall arrest the parolee with or without first issuing a warrant for parolee's arrest and subsequent detention at the Department of Corrections or a local jail or detention facility, and may call on any law enforcement officer to assist in the arrest. Within twenty-four (24) hours of arrest and detention, the parolee shall be detained on the written order of the Parole Officer in a local jail, lockup, or other detention facility, pending action by the Board of Parole. The Board of Parole, or any Board of Parole Member authorized by the Board to do so, may, after such detention, issue an order suspending parole or for the conditional or unconditional release of the parolee and take such other action as is authorized in this section with respect to a parolee arrested under its warrant.

- C. If, pursuant to subsection B above, a Parole Officer has a parolee arrested and detained, the Officer shall, within seventy-two (72) hours of such arrest and detention, obtain a warrant of arrest and/or an order suspending parole from the Board of Parole, or any Board of Parole Member authorized by the Board to issue such warrants or orders. If such warrant and/or order is not obtained within that period, parolee shall be released.
- D. A parolee who has been summoned or retaken for an alleged violation of the conditions of parole shall be scheduled for a preliminary hearing before the Board of Parole, or any Board of Parole Member authorized by the Board to conduct such hearings, within twenty (20) days of arrest or summons. A parolee may knowingly and intelligently waive his or her right to preliminary hearing and/or to representation at the hearing.
- E. The Board of Parole, or any Board of Parole Member authorized by the Board to do so, shall determine if there is probable cause to believe that a parolee has violated a condition of parole's parole. If probable cause is found, the Board of Parole or the designated representative shall:
 - (1) Notify the parolee, in writing, of its finding and of the date, time, and place, of parolee's revocation hearing; and,
 - (a) Order the parolee held under its warrant pending a revocation hearing; or,
 - (b) Order the release of the parolee upon a finding that incarceration of the parolee pending revocation proceedings is unwarranted because the parolee does not pose a flight risk and does not constitute a danger to the community;
 - or;
 - (2) In the event the alleged violation is a pending criminal charge, notify the parolee that parolee's parole is and shall be suspended pending the disposition of the criminal suit against parolee by the court. In such cases, a revocation hearing shall not be set until such time as the criminal suit against the parolee is disposed of by the Court or otherwise dismissed.
- F. If the Board of Parole, or any Board of Parole Member authorized by the Board, determines that probable cause exists, but that continuation of revocation proceeding is

not warranted, the Board of Parole, or any Board of Parole Member authorized by the Board to do so, may subsequently order that the parolee be released and required to conform with one or more additional conditions of parole which may be imposed in accordance with Section VII B herein.

- G. Where probable cause has been found that a parolee has violated a condition of parolee's release, a revocation hearing shall be conducted by the Board of Parole within ninety (90) days of the probable cause determination.
- H. At the revocation hearing, the parolee may admit, deny, or explain the violation charged, and may present evidence that the condition was not violated or that inmate's violation was excusable. Parolee shall be permitted to consult with any persons whose assistance parolee reasonably desires, including parolee's own legal counsel, in preparing for a hearing before the Board of Parole. Parolee may confront and cross-examine adverse witnesses, unless the Board of Parole finds reason for not permitting such cross-examination.
- I. A parolee whose parole is revoked for violation of the conditions of parole shall be recommitted for the term not to exceed the balance of the sentence imposed. Any parolee whose parole has been revoked, may, on or after the date the Board of Parole has set for re-application, upon submission of application, and eligibility, be considered by the Board of Parole for re-parole in accordance with the provisions of sections IV, V, and VI herein. In the event a parolee has eighteen months or more remaining in parolee's sentence and the Board of Parole has not set a date for re-application, the parolee may re-apply as follows:
 - (1) after twelve (12) months from the date of revocation if parolee has eighteen months or more remaining in parolee's sentence to be served; or,
 - (2) after twenty-four (24) months from the date of revocation if parolee has sixty (60) months or more remaining in parolee's sentence to be served.

SECTION IX: CLEMENCY

The Board of Parole is required by the Commonwealth Constitution and by Commonwealth law to participate in any reprieve, commutation, or pardon granted by the Governor of the Commonwealth. The Board shall, upon request of the Governor, consider and make nonbinding recommendations concerning all requests for clemency. Such recommendations shall be made pursuant to the procedures in this Section.

1. Definitions

- (e) **Pardon.** The act or instance of officially nullifying punishment or other legal consequences of a crime.
- (f) **Partial Pardon.** A pardon that exonerates the offender from some but not all of the punishment or legal consequences of a crime.

2. Notice

The Board of Parole shall attempt to provide notice to all interested parties in accordance with this rules and regulations. The Board of Parole shall, subject to budgetary restraints, advertise any clemency hearing in at least one newspaper of public circulation in the Commonwealth.

3. Procedure

- (a) A request for a clemency must be directed to the Office of the Governor. If the Board of Parole receives a request for clemency, then the Chief Parole Officer will forward the request to the Office of the Governor.
- (b) If the Governor is considering a grant of clemency to a person, then the Office of the Governor shall issue a request to the Board of Parole to provide any information known to the Board of Parole regarding the criminal record of the person. The Office of the Governor must issue a similar request to the Office of the Attorney General and the Department of Public Safety.
- (c) Upon receipt of the request from the Office of the Governor, the Board of Parole will provide a complete summary of the person's criminal record within fourteen (14) calendar days. The Board of Parole may supplement the criminal history with any other information that it deems relevant to the request.
- (d) After reviewing information and the clemency request, the Governor may choose to grant or deny clemency to the person. If the Governor wishes to grant clemency, then the Office of the Governor must inform the Board of Parole in writing.
- (e) If the Governor wishes to grant clemency, the Board of Parole must respond by providing any of the following information that was not previously provided to the Office of the Governor:
 - 1) A detailed legal analysis of the person's criminal case and sentence;

- 2) Any information tending to show that the person has or has not taken responsibility for his or her actions;
 - 3) A copy of the person's record of behavior while incarcerated at the Department of Corrections; and
 - 4) Any other relevant information possessed by the Board of Parole.
- (f) If the Board of Parole receives written notice of intent to grant clemency from the Office of the Governor, then the Board of Parole must schedule and hold a hearing within thirty (30) days.
 - (g) The Governor must consult with the Board of Parole on his or her intention to grant clemency.
 - (h) The clemency hearing must be open to the public.
 - (i) Any interested person may submit data, views, or arguments in writing, on the clemency request. Within reasonable time limitations, any person may present oral testimony for or against the clemency request.
 - (j) At the conclusion of the hearing, the Board of Parole must vote on whether to support or object to the issuance of clemency. A majority of the voting members will be required to support or object to the issuance of clemency. The failure of the Board to reach a majority vote will mean that the Board takes no position on the issuance of clemency.
 - (k) The Governor may choose to grant or deny clemency regardless of the position taken by the Board of Parole. The purpose of this procedure is to advise the Governor and help him or her reach a decision that is in the best interests of the Commonwealth.

Part 001 - General Provisions

§ 145-70-001 Authority

The regulations in this chapter are promulgated by the Department of Public Lands pursuant to the authority set forth in Article XI of the Commonwealth Constitution and Public Law 15-2 (1 CMC § 2801 *et. seq.*)

§ 145-70-005 Purpose

These promulgated rules and regulations govern ~~the leasing and~~ new leases, lease renewals, new temporary occupancy agreements, and temporary occupancy agreement renewals of public lands whether by permit, lease, or temporary authorization as in conformity with the obligation to objectively manage the use and disposition of public lands set forth at 1 CMC § 2801 *et. seq.* No commercial use of public lands is authorized or permitted without a valid lease, temporary occupancy agreement, permit, or concession agreement authorized by these regulations.

The Department of Public Lands (DPL) shall enforce these regulations to the extent allowed by law. DPL shall issue written notice of violation to any person or entity using or occupying public lands without authorization or in violation of these regulations for any activity or purpose.

§ 145-70-010 Definitions

- (a) "Applicant" means the person, persons, entity, or entities that have submitted a proposal to the DPL to lease or otherwise use public lands including respondents to requests for proposals issued by DPL for the leasing, development, or use of public lands, including without limitation persons or entities who have responded to one or more land use RFPs issued by the DPL.
- (b) "Commercial Use" means used for revenue generating activities. Active use means the actual physical operations or facilities generating revenue. Passive use means a supplementary use that augments the revenue generating operations or facility (e.g. parking lots). For purposes of these regulations, residential dwellings (e.g. condominiums, apartments or houses) are not recognized as Commercial Use.
- (c) "Department" means the Department of Public Lands (DPL).
- (d) "Government" means, for purposes of the regulations in this chapter, the departments and agencies of the CNMI Government other than the Department of Public Lands, unless otherwise specified in these regulations.
- (e) "Lessee" means the person, persons, entity, or entities holding leasehold interests in public lands.
- (f) "Occupant" means the person or entity whose name appears on the temporary occupancy agreement.
- (g) "Owner" means the person, persons, entity, or entities holding fee simple title in lands that are not public lands.

- (h) "Permanent Structure" means a structure placed on or in the ground, or attached to another structure or fixture in a fixed position, and intended to remain in place for more than 6 months.
- (i) "Permittee" means a person or persons given a permit by DPL and whose name appears on the permit.
- (j) "Principal" means the Applicant personally or a person employed by the Applicant with the legal authority to negotiate, decide, and enter into agreements on behalf of the Applicant.
- (k) "Public Lands" means all those lands defined as public lands by N.M.I. Const. art. XI, § 1 including improvements thereon.
- (l) "Secretary" means the Secretary of the Department of Public Lands.
- (m) "Related Party" means the person, persons, entity, or entities who participate in the funding or operations of the Applicant or Lessee's development or proposed development including without limitation parent companies in multinational company structures, as well as controlling or major shareholders. For the avoidance of doubt, Related Party shall include persons or entities that provide funding to an Applicant or Lessee. Transactions that, because of their nature, may be indicative of the existence of related parties include:
 - (1) Borrowing or lending on an interest-free basis or at a rate of interest significantly above or below market rates prevailing at the time of the transaction.
 - (2) Making loans with no scheduled terms for when or how the funds will be repaid.
 - (3) Lack of sufficient working capital or credit to continue the business, or lack of complete business plan or financial projections.
 - ~~(4) Exchanging property for similar property in a nonmonetary transaction.~~
- (n) "Request for Proposal" (RFP) means an open solicitation made through a bidding process by DPL to determine interest of potential lessees to lease and develop certain public lands at terms determined by or acceptable to DPL.
- ~~(o) "Roadside Vendor" the use of a temporary structure, vehicle, or mobile canteen for the sale of local produce or fish, other perishables or non-perishable items such as handicrafts, trinkets, souvenirs, or other goods, at a permitted distance from the side of a road or thoroughfare at a location on public land designated by DPL.~~

Part 100 – Lease Policies

§ 145-70-101 General Requirements and Restrictions

- (a) No right or interest in or to public lands shall be created orally. Any right to use, access, or enjoy public lands must be in writing signed by the Secretary in full compliance with these regulations or is void *ab initio*. Public lands shall be leased only for Commercial Use. Consideration and preference must first be given to non-productive developed public land or underutilized public land before undeveloped land is considered for development. Consideration for entering into a lease shall be consistent with DPL's fiduciary duties to its beneficiaries. The Secretary of DPL shall have reasonable discretion regarding issues not anticipated by these regulations.

- (b) Every lease shall be properly documented via a written lease agreement and such other documents deemed necessary or appropriate by DPL to complete the transaction. All duly executed lease agreements shall be recorded at the Commonwealth Recorder's Office by the party receiving an interest in Public Land in accordance with 2 CMC §4913. The Department shall strictly enforce all terms of every lease requirement imposed as a condition of legislative approval of a lease or lease extensions, if any. Leases for mining shall require appropriate environmental impact study, damage mitigation plan, and restoration plan, an assessment on the value of minerals to be mined, and any other studies required by law or DPL as a condition precedent to possession. All costs including those for appraisals, surveys, topographical surveys, geotechnical reports, studies, etc. whether required by the DPL or the Government shall be borne by Applicant.
- (c) Eligibility.
All Applicants must be current and in good standing with the Department of Finance Division of Revenue and Taxation, all licensing and regulatory authorities, and with the DPL.
- (1) Individuals - must be at least 18 years of age.
(2) Businesses - must be duly formed, in good standing and authorized to do business in their jurisdiction of origin AND in the CNMI, and must provide all documentation required by the DPL to confirm such status.
(3) All Applicants must demonstrate credit worthiness, ability to pay rent, and ability to fund all proposed development, and to comply with all the conditions and covenants of the lease agreement to the satisfaction of the Secretary.
- (d) Restrictions.
(1) It is DPL's preference not to lease public lands where the proposed structures/facilities will overlap boundaries of adjacent private lands.
(i) If necessary and in the best interest of DPL's beneficiaries, the DPL may permit such development provided that all such proposed development and construction of facilities that will occupy both private and public lands shall be performed in a manner to facilitate and simplify segregation of improvements on the public lands from those on adjacent private lands upon expiration or termination of the lease. Alternatively a land trust consisting of the private lands and public lands may be formed with the DPL as trustee, or the fee simple title to the private lands may be assigned to DPL, at Lessee's expense. For the avoidance of doubt, such permitted improvements shall be designed and constructed to be free and independent from private land improvements so that upon expiration or termination of the Lease, when the DPL takes possession of the improvements, such improvements and DPL's (or its designee's) operation thereof shall not be dependent upon adjacent private lands. This restriction shall not apply if the fee simple interest in the private lands is assigned or transferred to the DPL as described herein.
(ii) Before commencement of construction or development, Lessee shall be required to place on deposit with DPL the amounts necessary to perform such segregation at the expiration or termination of the lease, as estimated by an engineer selected by DPL and periodically deposit additional amounts to adjust upward for general inflation.
(2) Notwithstanding the foregoing, for minor developments such as parking structures attached to adjacent improvements, if such improvements will be of little value to the DPL, the Secretary may waive the obligations set forth in subsection 1 above if the Applicant places on deposit concurrent with the execution of the lease the projected cost of demolition and removal of improvements, and restoration of leased premises.

§ 145-70-105 Procedures for Issuing Leases, Extensions, and Renewals

- (a) The DPL will deal only with the Principals of the Applicant.
- (b) DPL shall satisfy its fiduciary duties by taking the following steps towards entering into new leases, extensions, or renewals:
 - (1) Properties not under lease – DPL shall select proposals that provide DPL the greatest revenue over the course of the lease term. All leases must be aligned with DPL's land use plan. In all instances, the DPL shall negotiate lease terms most favorable to its beneficiaries.
 - (i) Unsolicited Proposals – If the DPL receives a proposal or application to lease Public Land, it shall upon conclusion of negotiations (if any), publish a Notice of Proposed Lease of Public Land in accordance with Public Law 15-2 and these regulations, to determine if there are other interested parties, and consider public comments. If a second or other proposals are received during the notice period, the DPL may either select the most beneficial proposal or issue an RFP.
 - (ii) Solicited Proposals – If the DPL solicits proposals to lease specific parcels or tracts of Public Lands and two or more proposals are received by the DPL, DPL may select the most beneficial proposal. If only one proposal is received the DPL may award the sole Applicant, re-issue the Request for Proposal, or reserve the relevant parcels for future disposition.
 - (2) Properties under lease – if a current Lessee is interested in re-leasing, extending, or renewing its lease, DPL shall:
 - (i) Thoroughly review the performance of the lessee to determine if re-leasing or extending the lease is in the best interest of its beneficiaries.
 - (ii) Issue a Notice of Proposed Lease of Public Lands in accordance with 1 CMC § 2807 up to four years prior to expiration, but only if an extension or renewal of the existing lease is determined to be in the best interest of DPL and its beneficiaries, and no other firm has indicated an interest to lease the affected parcel.
 - (iii) If additional proposals are received in response to such Notice, or if DPL has knowledge of one or more additional interested parties, DPL shall issue an open RFP at least two years prior to the expiration of the existing lease if in DPL's judgment the second proposal is in the best interest of DPL and is significantly advantageous to the proposal of the existing lessee.
 - (iv) If a competing proposal does not materially enhance the existing lessee's proposal, operations, or otherwise project to materially increase the revenue to DPL, and lessee has satisfied all the covenants and conditions of its existing lease, it is DPL's preference to renew the lease with the current lessee with lease payments comparable to that proposed or implied by the best competing proposal, but in no case shall DPL accept lease rent less than what was established in any preceding period.
 - (v) If a current lessee does not intend on re-leasing, extending, or renewing, DPL shall issue an open RFP at least two years prior to the expiration of the existing lease.

§ 145-70-110 Lease Agreement Requirements

DPL shall include in lease agreements provisions typical of commercial practices. All public land leases are on a "triple net" basis "as is where is". All leases shall conform to the following provisions:

- (a) Legal Description of the property (ies) subjected to the lease.
- (b) Purpose – a detailed description of the intended development and operations.

(c) Term – the effective date and duration of the lease shall not exceed 25 years. Note: Upon expiration of the term, the property including all improvements shall revert to DPL for renewal, extension, or re-leasing to the highest best bidder as determined by these regulations in accordance with CNMI law.

(d) Fees, Security Deposit, Costs.

(1) Prior to the preparation of any lease or supporting document, the Applicant shall deposit an administrative processing fee equal to the greater of \$5,000, or 0.50% of the estimated value of the subject property.

(2) Prior to any lease approval, lessee must deposit at least 5% of the total cost of the proposed project to which the lease pertains, whether the entire project or only a part of it will be situated on public lands. These funds will be held by the DPL to secure construction start up, and remediation costs.

(3) The security deposit requirement shall also apply to lease extensions or renewals where one or more key factors for approval is lessee's proposal to further develop the property it currently occupies.

(4) Funds remaining on account with the DPL after the completion of the proposed development in excess of \$5,000 or 1% of the development cost (whichever is greater) shall be released to lessee upon completion of the project development. Remaining funds shall be retained as security, and Lessee shall be obligated to maintain a constant balance for the term of the lease.

(5) Funds shall forfeit to DPL should the project be cancelled or start date delayed more than one year from the execution of the lease. Mere ceremonious commencement (i.e. ground breaking or ribbon cutting without materially beginning and continuing construction) will not avoid forfeiture.

(6) All costs related to the lease including underwriting, appraisals, surveys, topographical surveys consolidations, excavation, studies, recordings, etc shall be borne by Applicant or Lessee. In the event of Lessee's failure to perform any obligation under a lease, DPL may (but shall not be obligated to) expend funds held in Lessee's account (including security deposits) to satisfy such obligation to the extent feasible (e.g. To procure surveys, appraisals, or insurance).

For the avoidance of doubt the Secretary of DPL may determine that a property's true value is greater (but not less than) an appraised value determined by independent appraisal.

(1) New Leases – shall include new leases, and renewals.

(2) Basic Rent shall be based on the value of the fee simple title to the property. It is the policy of DPL to collect at least 5% of a property's value each year for the term of the lease as base rent.

(3) In no event shall the rent in subsequent years be less than the amounts in previous years of the lease.

(4) Properties shall be re appraised and basic rent adjusted upward to market every five years based on an updated appraisal. For the purpose of determining Basic Rent, the value in subsequent periods shall include all improvements on the property less the value of improvements made by the Lessee during the term of the lease.

(5) New Leases – shall be based on the value of the fee simple interest including improvements (if any).

- (6) Extensions - shall be based on the appraised value of the fee simple interest including improvements less the value of improvements made by the Lessee since the inception of the lease.
- (7) Renewals – shall be treated as new leases for purposes of determining rent.
- (8) Additional Rent - Percentage of Business Gross Receipts – due to the scarcity of public lands and in accordance with its fiduciary duties owed to its beneficiaries, DPL shall charge additional rent that allows its beneficiaries to participate in the revenues generated as a result of the lease. This rent shall be charged as a percentage of Lessee’s Business Gross Receipts (BGR) and shall also apply to the BGR of Lessee’s subtenants, concessionaries and others permitted to engage in commercial activity upon the leased Premises. For the sake of clarity, BGR includes enterprise BGR, not just BGR derived from parts of the enterprise situated on public lands. The additional rent per year for every year of the lease term shall be as follows:

Business Gross Receipt Payment Schedule

Tier	Annual BGR Amounts		% of BGR	Minimum Per Tier
	From	To		
1	\$ -	\$ 50,000.49	3.00%	
2	\$ 50,000.50	\$ 100,000.49	2.89%	\$ 1,500
3	\$ 100,000.50	\$ 200,000.49	2.78%	\$ 2,889
4	\$ 200,000.50	\$ 400,000.49	2.67%	\$ 5,556
5	\$ 400,000.50	\$ 800,000.49	2.56%	\$ 10,667
6	\$ 800,000.50	\$ 1,600,000.49	2.44%	\$ 20,445
7	\$ 1,600,000.50	\$ 3,200,000.49	2.33%	\$ 39,112
8	\$ 3,200,000.50	\$ 6,400,000.49	2.22%	\$ 74,669
9	\$ 6,400,000.50	\$ 12,800,000.49	2.11%	\$ 142,227
10	\$12,800,000.50	and Over	2.00%	\$ 270,234

- (9) Passive Uses - Rent for standalone leases of public lands for use as parking area or activities that supplement the actual enterprise shall be Basic Rent and Additional Rents as outlined in this subsection. Additional Rent shall be assessed based on the ratio of public lands to lessee’s other lands being used for the same purpose on the BGR of the entire enterprise supplemented by the public lands [e.g. Lessee’s existing ground parking space area is 500 square meters. Lessee wants to expand parking area by leasing 400 square meters of public lands. The ratio of public lands for use as additional parking area is $400/(500+400) = 44.4\%$. ~~Assuming the lease is within the first five year period, r~~Rent will therefore be assessed at the greater of Basic Rent, plus ~~or~~ $44.4\% \times 1.0\% \times$ Applicable % of BGR \times BGR (i.e. ~~0.444% of BGR~~)]. However, the strategic value of the property shall be the paramount consideration when determining the appropriate rate to be applied, and in such cases as developments that could not proceed without the use of Public Land, Additional Rent will not be reduced by any apportionment provisions set forth herein.

(i) The availability of such concession, permit or enterprise shall be advertised by in a newspaper of general circulation in the Northern Mariana Islands;

(ii) First priority in granting the concession, permit or enterprise shall be given to bona fide residents of the Northern Mariana Islands;

(iii) The granting of such concession, permit or enterprise shall be subject to the approval of DPL or its successor.

For the purposes of this condition, "concession, permit or enterprise" shall mean a privilege or right to sell products or perform services, which are peripheral to Lessee's proprietary use of the Premises.

Provided, however, Lessee may sublease this Lease to any affiliate or subsidiary of the Lessee in existence and under joint ownership or control at the time of execution of this Lease, without the consent of the DPL. Provided that such sublease shall in no way relieve Lessee of its responsibilities, obligations, or duties hereunder; and provided further that such assignment or sublease does not result in a change of control as defined in Article 14B.

The consent by the DPL to an assignment, transfer, management contract, or subletting may be granted, denied or made subject to such conditions as the DPL finds it in the best interest of its beneficiaries. Any purported assignment, lease, sublease, sale, conveyance, transfer, mortgage or encumbrance of this Lease, whether written or oral, or any other action for which DPL consent is needed as outlined above, to which the DPL has not given its prior consent is null and void and is of no force or effect and is a violation of this Lease. No sublease, assignment, transfer, or contract shall be valid without the approval of the DPL, and then only if the respective sublessee, assignee, transferee, or other contracting party agrees in writing that the provisions of this Lease bind such sublessee, assignee, transferee, or contracting party. DPL will not consider any assignment, sublease, or transfer during the initial five (5) years of the lease term nor the final five (5) years of the lease term.

Once given, the DPL's consent shall not relieve Lessee, or any subsequent sublessees, assignees or transferees, in any way from obtaining the prior consent in writing of the DPL to any further assignment, transfer, management contract, or subletting.

For purposes of this section, "Premises" includes any portion of the leased premises or any improvement on the leased premises, and "Lessee" includes Lessee's employees, successors and assigns.

B. Change in Control of Lessee. If the sale, assignment, transfer, use, or other disposition of any of the issued and outstanding capital stock of Lessee (or of any successor or assignee of Lessee which is a corporation), or of the interest of any general partner in a partnership owning the leasehold estate created hereby, or of the interest of any

member of a joint venture, syndicate, or other group which may collectively own such leasehold estate, shall result in changing the control of Lessee or such other corporation, partnership, joint venture, syndicate, or other group, then such sale, assignment, transfer, use, or other disposition shall be deemed an assignment of this Lease and shall be subject to all the provisions of this Lease with respect to assignments.

For purposes of this Article, if Lessee is a corporation or a limited liability company, "change of control" shall mean any dissolution merger, consideration, or other reorganization of Lessee, or the sale or other transfer of a controlling percentage of the capital stock of the Lessee, or the sale of at least fifty-one percent (51%) of the value of the assets of the Lessee. The term "controlling percentage" means the ownership of, and the right to vote, stock possessing at least fifty-one percent (51%) of the combined total voting power of all classes of Lessee's capital stock issued, outstanding and entitled to vote for the election of directors.

For purposes of this Article, if Lessee is a partnership, joint venture, syndicate or other group which collectively holds this Lease, "change of control" means a withdrawal or change, voluntary or involuntary or by operation of law, of any partner, individual or entity owning more than fifty-one percent (51%) of the beneficial interest in the partnership, joint venture, syndicate or other group.

For the purposes of this Article, "control" of any corporation shall be deemed to be vested in the person or persons owning more than fifty percent (50%) of the voting power for the election of the Board of Directors of such corporation, and "control" of a partnership, joint venture, syndicate, or other group shall be deemed to be vested in the person or persons owning more than fifty percent (50%) of the general partner's interest in such partnership or of the total interest in such joint venture, syndicate, or other group. For purposes of determining control by a person, members of the family of any assignor or transferor shall be included. For purposes of this section, "members of the family" include a person's spouse, grandparents, parents, brothers and sisters, nephews and nieces, and children by adoption and by blood. Lessee shall furnish an annual statement to the DPL that includes the names and addresses of all stockholders in any corporation or general partners in any partnership holding this lease, showing the number of shares of stock owned by each stockholder of such corporation, or the respective interest of the partners in such partnership, as the case may be. Such statement shall be signed under oath by an officer of each corporation and by a general partner of each partnership holding this lease.

C. Notice to DPL. Lessee shall furnish a statement of ownership/control to the DPL prior to the Commencement Date of this Lease, and on the same date annually thereafter. If Lessee is a corporation, such statement shall include the names and addresses of all principal stockholders and officers in any corporation acting as Lessee, which stockholder(s) own more than ten percent (10%) of the total combined voting power of all classes of Lessee's capital stock issued, outstanding and entitled to vote for the election of directors. If the Lessee is a partnership, joint venture, syndicate or other group, such statement shall include the name, address

and respective interest of each person or entity with an interest in the partnership, joint venture, syndicate or other group.

D. Assignee's Duties. No assignment, sublease or transfer made with DPL's consent shall be effective until there shall have been delivered to DPL an executed counterpart of such assignment, sublease or transfer containing an agreement, in recordable form, executed by the assignor, sublessor or transferor and the proposed assignee, sublessee or transferee in which the latter assumes due performance of the obligations on the former's part to be performed under this Lease to the end of the leasehold term.

E. Assignment or Change In Control Fee. If the DPL consents to an assignment of this Lease or to a change in control of Lessee, as described in Section B of this Article, it shall assess a fee of twenty-five percent (25%) of the gain or profit attributable to the leased land. For purposes of this section the terms "gain" and "profit" are defined as the proceeds from any change in control or assignment less the book value of improvements and fixtures installed by Lessee. Lessee shall pay the fee to DPL at closing of the assignment or the change in control of the Lessee.

G. Transfer Fee. In addition to any other fees due as a result of an assignment or transfer, if the DPL consents to an assignment, or other transfer of the leased Premises, as particularly described in Article 1 of this Lease, it shall assess a fee of 25% of the remaining rent due under this Lease for the remainder of the Term of the Lease. The transfer fee shall be assessed and Lessee shall pay the fee to DPL at closing of the transfer.

ARTICLE 15. STATUS OF SUBLEASES

Termination of this Lease, in whole or in part, by cancellation or otherwise, shall operate either as an assignment to the DPL of any and all such subleases, concessions, and sub-tenancies or shall terminate all such subleases, concession agreements or sub-tenancies at DPL's discretion.

ARTICLE 16. AGREEMENTS FOR UTILITY LINES

The Lessee shall have the right to enter into agreements with public utility companies or with the Government of the Commonwealth of the Northern Mariana Islands and/or any of its agencies to provide utility services, including water, electricity, telephone, television, and sewer lines necessary to the full enjoyment of the Premises and the development thereof in accordance with the provisions of this Lease. Subject to prior consultation with Lessee, the DPL reserves the authority to grant utility rights-of-way across the Premises. The Lessee shall furnish to the DPL executed copies thereof together with a plat or diagram showing the true location of the utility lines to be constructed in accordance therewith. Nothing herein contained shall be deemed to imply an obligation on the part of DPL to furnish Lessee with any water services or

other utilities whatsoever and DPL does not guarantee the availability of same. It is expressly understood that the Lessee shall obtain such services at its sole cost and expense.

ARTICLE 17. RIGHT OF MORTGAGE

The Lessee, its successors and assigns may, subject to the express prior written approval of the DPL, mortgage this Lease and the Lessee's interest hereunder, provided that no holder of any mortgage of this Lease or the Lessee's interest hereunder, or any one claiming by, through or under any such mortgage shall, by virtue thereof, except as provided herein, acquire any greater rights hereunder than the Lessee, and no mortgage of this Lease or the Lessee's interest hereunder, in whole or in part, by the Lessee or the Lessee's successors or assigns shall be valid, unless: (i) at the time of the making of such mortgage, there shall be no default under any of the agreements, terms, covenants and conditions to be performed by the Lessee under this lease; (ii) such mortgage shall be subject to all the agreements, terms, covenants and conditions of this Lease, (iii) any such mortgage shall reserve to the DPL prior right, in the event of Lessee's default under the same and after notice of the same character and duration as required to be given to Lessee, to correct the default or to purchase the same and terminate this Lease; and (iv) such mortgage shall contain the following provisions:

This instrument is executed upon condition that (unless this condition be released or waived by the DPL or its successors in interest by an instrument in writing), no purchaser or transferee of said Lease at any foreclosure sale hereunder, or other transfer authorized by law by reason of a default hereunder where no foreclosure sale is required, shall, as a result of such sale or transfer, acquire any right, title or interest in or to said Lease or the leasehold estate hereby mortgaged unless (i) the DPL shall receive written notice of such sale or transfer of said Lease within fifteen (15) days after the effective date of such sale or transfer and (ii) a duplicate original copy of the instrument or instruments used to effect such sale or transfer shall be delivered to the DPL within thirty (30) days after the execution and delivery thereof.

Any mortgage entered into shall be in strict compliance with all applicable laws and regulations, including mortgage security instrument laws, or applicable constitutional provisions, in order to be valid and enforceable. The loan secured by this leasehold mortgage shall not exceed the appraised value of the Premises. All funds received pursuant to any mortgage of the leasehold property shall be expended only for leasehold improvements within the Northern Mariana Islands.

ARTICLE 18. RIGHTS OF LEASEHOLD MORTGAGEES

If the Lessee or the Lessee's successors or assigns shall mortgage this Lease or its interest in the Premises in accordance with the provisions of this Lease, then so long as any such leasehold mortgage as hereinafter defined shall remain unsatisfied of record, the following provisions shall apply:

A. Notice to Mortgagee. The DPL shall serve upon the Lessee any notice of default pursuant to the provisions of Article 27 or any other notice under the provisions of or with respect to this Lease. The Lessee shall thereafter serve a copy of such notice upon the holder of the then existing mortgage of this Lease of the Premises. Service of such notice of default upon the Lessee shall be deemed as service on the mortgagee who shall thereafter have the same period as the Lessee for remedying the default or causing the same to be remedied, as is given the Lessee after service of such notice upon it.

B. Remedy. Such leasehold mortgagee of this Lease or the Premises, in case the Lessee shall be in default hereunder, shall, within the period and otherwise as herein provided have the right to remedy such default, or cause the same to be remedied, and the DPL shall accept such performance by or at the instigation of such leasehold mortgagee as if the same had been performed by the Lessee.

C. Diligent Prosecution. No default on the part of Lessee in the performance of work required to be performed, or acts to be done, or conditions to be remedied, shall be deemed to exist, if steps shall, in good faith, have been commenced promptly to rectify the same and shall be prosecuted to completion with diligence and continuity in accordance with Article 27 hereof, on "Default", unless otherwise specified in this Lease.

D. Termination. Notwithstanding while the leasehold mortgage remains unsatisfied of record, if any event or events shall occur which shall entitle the DPL to terminate this Lease, and if before the expiration of thirty (30) days after the date of service of notice of termination by the DPL all rent and other payments herein provided for then in default is fully paid, and the Lessee shall have complied or shall be engaged in the work of complying with all the other requirements of this Lease, if any, then in default, then in such event the DPL shall not be entitled to terminate this Lease, and any notice of termination theretofore given shall be void and of no force or effect, provided, however, nothing herein contained shall in any way affect, diminish or impair the right of DPL to terminate this Lease or to enforce any other subsequent default in the performance of any of the obligations of the Lessee hereunder.

E. Notice of Termination. In the event of the termination of this Lease prior to the natural expiration of the term hereof, whether by summary proceedings to dispossess, service of notice to terminate or otherwise, due to default of the Lessee as provided in Article 27 hereof, or any other default of the Lessee, the DPL shall serve upon the holder of the then existing mortgage on this Lease or the Premises written notice of such termination. Nothing herein contained shall release the Lessee from any of its obligations under this Lease, which may not have been discharged or fully performed by any mortgagee of this Lease or the Premises, or its designee.

F. First Mortgage Only. Whenever reference is made herein to the holder of the mortgage on this Lease or the Premises, the same shall be deemed to refer only to the holder of the first record mortgage on this Lease or the Premises, if any, as shown by the records of the Commonwealth Recorder's office. Notice of such mortgage shall be sent to the DPL by certified or registered mail, and include a copy of the recorded mortgage

certified by the Commonwealth Recorder's office as to the date and time of recordation. Any notice or other communication to any such mortgagee by the DPL shall be in writing and shall be served either personally or by certified or registered airmail address to such holder or mortgagee at his/her address appearing on such records or at such other address as may have been designated by notice in writing from such holder or mortgagee to the party serving such notice of communications. Nothing contained in this Article shall be construed so as to require the DPL to serve notices upon or recognize any leasehold mortgagees other than the holder or such first mortgage on this Lease or the Premises, as aforesaid.

ARTICLE 19. STORM, FIRE AND DAMAGE INSURANCE

The Lessee shall procure upon the Commencement Date and shall continue to maintain in force during the entire Term of this Lease or any extension thereof, storm (typhoon) fire and damage insurance for the Premises with a company or companies authorized to do business in the Northern Mariana Islands, with extended coverage endorsements jointly in the names of the Lessee and the DPL, covering the full insurable value of all improvements on the Premises, subject to appropriate co-insurance provisions (no greater than 10%). The policy shall contain a clause requiring that the DPL be given thirty (30) days notice prior to any cancellation or termination of the policy. A copy of such policy or policies or an acceptable certificate shall be deposited with the DPL within thirty (30) days of the same obtained by the Lessee. The Lessee shall pay all premiums and other charges payable in connection with insurance carried by the Lessee. In the event of damage to any permanent improvement on the premises, the Lessee shall reconstruct such improvement in compliance with applicable laws, ordinances, and regulations and in accordance with the applicable provisions of this Lease. Such reconstruction shall commence within six (6) months after the damage occurs and shall be pursued diligently and completed within one (1) year of the occurrence. In the event of damage to the extent of seventy-five percent (75%) or more of the total value of all permanent improvements on the Premises during the last five (5) years of the term of this Lease, the Lessee for ninety (90) days shall have the option to agree to reconstruct the damaged improvements. Should the Lessee fail to notify the DPL in writing of the exercise of its option to reconstruct within ninety (90) days of the occurrence of damage, the Premises shall be cleared at the Lessee's expense and upon completion of such clearing this Lease shall terminate. In the event Lessee shall elect not to rebuild damaged improvements during the last five-year term of the Lease, all insurance proceeds accruing as a result of the fire or damage, shall be for the sole benefit of and made payable to the DPL, or its lawful successors and assigns. Any damages incurred or suffered by any sublessee, assignee, mortgagee, or otherwise as a result of such termination shall be borne solely by the Lessee.

ARTICLE 20. LIABILITY INSURANCE

The Lessee shall, from the Commencement Date of this Lease, procure and maintain in force during the entire term of this Lease or any extension thereof, at its sole expense, commercial general liability insurance (all risk) for the Premises and operations conducted thereon, with the DPL and the CNMI Government as named co-insured, in a company or companies authorized to do business in the Northern Mariana Islands, with a minimum coverage of ~~\$\$1,000,000 per occurrence / \$5,000,000~~ \$1,000,000 in the aggregate or such higher amounts as the DPL may reasonably require. Copies of such policies shall be delivered to the DPL within thirty (30) days of their issuance, and shall contain a clause requiring at least thirty (30) days' written notice shall be given to the DPL prior to cancellation or refusal to renew any such policies. Lessee agrees that if such insurance policies are not kept in force during the entire term of this Lease, the DPL may procure the necessary insurance, pay the premium therefore, and such premium shall be repaid to the DPL immediately upon the DPL's demand.

All insurance obtained by the Lessee in compliance with this Lease shall be obtained from reputable companies acceptable to the DPL.

ARTICLE 21. NOTICES

Except as otherwise specified herein, all notices required or permitted under this Lease shall be in writing and shall be delivered in person or deposited in the United States mail in an envelope addressed to the proper party, certified or registered mail, postage prepaid as follows:

DPL: Department of Public Lands
 P.O. Box 500380
 Saipan, MP 96950

LESSEE: [Input from Lease Data Sheet]

or at such other address as the DPL or Lessee may from time to time specify in writing. All notices shall be deemed delivered (1) on the date personal delivery is made, or (2) on the date falling three (3) days after the date of the post mark by the U.S. Post Office of any mail or notice properly addressed and containing sufficient postage.

ARTICLE 22: RESERVATION OF EASEMENTS/MINERAL RIGHTS

This Lease shall be subject to all existing easements, roadways, and rights-of-way across or through the Premises. The DPL and the CNMI Government retain the right at all times to cause the construction, maintenance, operation or repair of public utilities or parts thereof on the premises, including, but not necessarily limited to, electric power transmission, telegraph, telephone and pipelines, and for roads and other community projects. Lessee shall be entitled to no compensation from the DPL or the CNMI government for

such uses of the Premises. The DPL hereby reserves all rights to minerals and resources on the Premises, including the right of access to and use of such parts of the surface of the Premises as may be necessary for the mining and saving of said minerals. The right of ingress to and egress from the Premises upon which public utilities and other improvements have been constructed, and for the purposes of inspection by the DPL, as well as for the performance of official duties in the maintenance, operation and repair of such utilities and other improvements is hereby reserved.

ARTICLE 23. RIGHT OF INSPECTION; INGRESS/EGRESS

A. The DPL, its agents, and representatives shall have, upon reasonable notice, the right to enter the Premises at any time for inspection purposes in order to determine whether the provisions of the Lease are being complied with by the Lessee, to serve notices required under this Lease, or for any other purpose deemed appropriate by the DPL. In addition, DPL shall have the right to inspect and examine all the books, records, documents, and accounts of the Lessee or its sublessees, from time to time upon request.

B. The DPL reserves to the CNMI Government the right to order cessation of all operations on the Premises until further notice should the CNMI Government, any agency thereof, or the DPL determine the Lessee is not exercising a high degree of care in protecting the safety of persons and property in the conduct of its activities on the Premises.

Regardless of the above provisions, it always remains the sole responsibility and duty of the Lessee to ensure that the operation is operated in a safe and healthful manner.

ARTICLE 24. CONDEMNATION

The DPL and Lessee covenant and agree that in the event the whole property hereby leased shall be taken in condemnation proceedings or by any right of eminent domain, or otherwise, for public purposes, then and on the happening of any such event, the DPL or Lessee, may terminate this Lease and the Term hereby granted and all the rights of the Lessee hereunder, and the rent shall be paid up to the date of such condemnation or termination and any unearned rent paid in advance by the Lessee shall be refunded pro rata. In the event any portion of the property hereby leased is condemned or taken by right of eminent domain or otherwise for public purposes, thereby rendering the leased property unsuitable for the purpose of Lessee as stated in Article 2 above, then and on the happening of such event Lessee may terminate this Lease and the Term hereby granted, and all the rights of the Lessee hereunder and the rent shall be paid up to the date of such termination or condemnation and any unearned rent paid in advance by the Lessee shall be refunded pro rata. If Lessee does not terminate this Lease upon such event, then the rent shall be reduced in proportion to the land taken as such bears to the total area of land leased. The DPL and the Lessee may each independently file separate claims

in such proceedings for the purpose of having the value of their respective interests determined, and the award shall be paid accordingly; but if the public or governmental authorities shall object or refuse to permit separate claims to be proved and/or distributed in such manner, the DPL will prosecute all claims for damages to the Premises on behalf of both the DPL and the Lessee (and authority to do so is hereby granted), and after deducting all reasonable expenses incurred by the DPL incident thereto, the balance of said award shall be divided between the DPL and the Lessee as established in that proceeding. In the event the DPL prosecutes the claim on behalf of both parties hereto, all such awards shall be paid to the DPL for the account of the DPL and Lessee as hereinbefore provided.

ARTICLE 25. COVENANT AGAINST DISCRIMINATION

The use and enjoyment of the Premises shall not be in support of any policy which discriminates against anyone based upon race, creed, sex, color, national origin, or a physical handicap, or as provided by Commonwealth or Federal laws.

ARTICLE 26. ABANDONMENT / UNDERUTILIZATION OF PREMISES

Should the Lessee fail to use the Premises for the purpose set forth in this Lease for a consecutive period of ninety (90) days without securing the written consent of the DPL, the Lessee shall be deemed to have abandoned the Premises, so that in such event this Lease may, at the option of the DPL, be terminated pursuant to the provisions of Article 27 hereof without further notice to the Lessee.

In the event of a use other than the permitted use set forth on the Lease Data Sheet, or utilization of the Premises that fails to comport with the conceptual design upon which this Lease was based, DPL may recapture all or portions of properties under lease when such lands may have a higher and better use than as actually being used or developed by Lessee. In such case Lessor shall give notice to Lessee and an opportunity to cure or within sixty (60) days reach agreement with the DPL on a proposed course of action to cure or such non-conforming or underutilized portions of the premises shall revert to the DPL.

ARTICLE 27. DEFAULT

Time is of the essence and Lessee shall automatically be in default of this Lease if:

A. Failure to pay. Lessee shall fail to pay any installment or rent hereby reserved or shall fail to pay any taxes or other charges required to be paid by Lessee within thirty (30) days after the due date under the terms of this Lease.

B. Other Breach of Lease. Lessee shall breach any term, provision or covenant of this lease, other than the payment of rent, taxes, or other charges, and fails to cure such breach within thirty (30) days from and after written notice from the DPL.

C. Insolvency or Bankruptcy. Lessee, its successors and assigns, becomes insolvent or file for relief under the United States Bankruptcy Code.

D. Abandonment. Lessee abandons the Premises as provided in Article 26.

Upon the occurrence of Lessee's default of this Lease as described above, all Lessee's rights under this Lease are terminated, including, but not necessarily limited to Lessee's right to use the Premises. Any notices, as may be required by law or this Lease, shall be delivered as provided by Article 21 of this lease.

ARTICLE 28. REMEDIES

Upon termination of Lessee's rights under this Lease pursuant to Article 27, the DPL may terminate this Lease and may, upon fifteen (15) days written notice, enter in, into and upon the leased premises and take possession of all buildings, fixtures and improvements, and evict Lessee without liability of trespass. The remedies herein shall not prejudice the DPL's other rights and remedies at law or equity.

ARTICLE 29. ACCORD AND SATISFACTION

No payment by Lessee or receipt by the DPL of a lesser amount than the annual rent herein stipulated shall be deemed to be other than on account of rents due, nor shall any endorsement or statement on any check or any letter accompanying any check or payment of rent be deemed an accord and satisfaction, and the DPL may accept such check or payment without prejudice to the DPL's right to recover the balance of such rent or pursue any other remedy provided in this lease. In the event that the rent or any other monies which are due hereunder by Lessee are delinquent, the DPL may, upon the receipt of any payments, apply them to any account or period it shall determine in its discretion.

ARTICLE 30. WAIVER OF BREACH

Waiver by the DPL of any breach of any term, covenant or condition herein contained shall not be deemed to be a waiver of any subsequent breach of the same or any other term, covenant or condition herein contained. The acceptance of rent by the DPL shall not be deemed to be a waiver of any of the terms or conditions including the remedies of DPL hereof. No covenant herein shall be deemed waived by the DPL unless such waiver is in writing by the DPL.

ARTICLE 31. EXPENSE OF ENFORCEMENT

If an action is brought by the DPL for rent or any other sums of money due under this Lease, or if any action is brought by the DPL to enforce performance of any of the covenants and/or conditions of this Lease, Lessee shall pay reasonable attorney's fees to be fixed by the Court as a part of the costs in any action. Use of in-house counsel or the Office of Attorney General shall not be a basis to reduce or avoid an award of such costs. In such event, fees shall be calculated by multiplying the prevailing hourly rate for private counsel in the Commonwealth by the reasonable number of hours spent in connection with such enforcement activities.

ARTICLE 32. INDEMNIFY, DEFEND AND HOLD HARMLESS

Lessee hereby releases and forever discharges and agrees to defend, indemnify and hold harmless the DPL, the CNMI Government, their successors, employees and assigns, from any and all injury or loss and all liability for injury or loss to persons or property which occur on the Premises or which arise out of or in connection with any activities contemplated under this Lease during the Term of this Lease, any extension thereto or during any holdover by Lessee whether or not such claims, demands or actions are rightfully or wrongfully brought or filed and against all costs incurred by the DPL, the CNMI Government, their successors, employees and assigns therein. In case a claim should be brought or an action filed with respect to the subject of indemnity herein, Lessee agrees the DPL, the CNMI Government, their successors, employees and assigns may employ attorneys of their own selection to appear and defend the claim or action on their behalf, at the expense of the Lessee. The DPL, the CNMI Government, their successors, employees and assigns, at their own option, shall have the sole authority for the direction of the defense, and shall be the sole judge of the acceptability of any compromise or settlement of any claims or actions against them.

ARTICLE 33. QUIET ENJOYMENT

The DPL covenants that the Lessee, upon paying the rent required herein and upon fulfilling all the conditions and agreements required of the Lessee, shall and may lawfully, peacefully and quietly have, hold, use, occupy and possess and enjoy the property during the Term agreed upon without any suit, hindrance, eviction, ejection, molestation, or interruption whatsoever of or by the DPL, or by any other person lawfully claiming by, from, under or against the DPL.

ARTICLE 34. GOVERNMENT REQUIREMENT

Lessee shall procure all licenses, certificates, permits, and other required authorizations from any and all other governmental authorities having jurisdiction over the Operation of the Lessee under this Lease. Lessee shall provide the DPL with copies of all such licenses, certificates, permits and

other required authorizations from other governmental authorities within three (3) months after the Commencement Date of this Lease.

ARTICLE 35. UNLAWFUL USE AND COMPLIANCE WITH LAWS

Lessee covenants and agrees not to use or cause or permit to be used any part of the Premises for any unlawful conduct or purpose. Lessee agrees to comply with all property, building, health, sanitation, safety and other laws and regulations of the Commonwealth of the Northern Mariana Islands, which are in effect or which may hereafter become effective.

ARTICLE 36: HOLDOVER CLAUSE

If the Lessee fails to vacate the Premises upon the expiration, termination or cancellation of this Lease, Lessee shall be deemed a holdover Lessee. Such holdover Lessee shall be obligated to pay the DPL a holdover fee during the holdover period of not less than 150% of the monthly-prorated Base Rent and Additional Rent for the Five Year Period immediately preceding the holder period as provided in Article 5A. Payment of such liquidated damages shall in no way constitute a limitation upon any other rights or remedies the DPL may be entitled to pursue for violation of the Lease, for trespass or illegal possession or for any other cause of action arising out of holdover Lessee's failure to vacate the Premises including the right to evict the Lessee without court action, and the cost thereof to be paid by the Lessee.

ARTICLE 37. CONDITION OF PREMISES

The Lessee acknowledges that it has examined the Premises prior to the making of this Lease and knows the conditions thereof, and that no representations or warranties other than those expressed herein have been made by the DPL. Lessee hereby accepts the Premises as-is in their present condition at the Commencement Date of this Lease.

ARTICLE 38. VACATING THE PREMISES

Upon the expiration or earlier termination or cancellation of the Lease, the Lessee shall quietly and peacefully vacate the Premises and surrender the possession thereof. The DPL may, at its option, require the removal of all improvements and property on the Premises, or it may require all improvements, except removable personal property, trade fixtures and equipment, remain on the Premises and become the property of the DPL after termination of this Lease. Upon the failure or neglect of the Lessee to remove her property from the Premises or restore the Premises, the DPL, its officers or agents, may enter the Premises and remove all persons and property therefrom without recourse to any action or proceeding at law or in equity. Such removal

and/or restoration shall be at the cost and expense of the Lessee, and no claim for damages of any nature whatsoever against the DPL, the CNMI Government or any officer or agent thereof shall be created by or made on account of such removal.

ARTICLE 39. PUBLIC AUDITOR

This Lease is subject to 1 CMC § 7845. The Lessee shall provide, upon request of the Public Auditor of the Commonwealth all records and reports, and shall allow audit, inspection, access and the right to copy her books, records, documents, correspondence, and any other data and material relating to this Lease, to the Public Auditor, and do any other acts required under 1 CMC § 7845. This right of access, inspections, and copying shall continue until the expiration of three (3) years after the final payment under the Lease is made, or such other time as set forth in 1 CMC § 7845.

ARTICLE 40. GENERAL PROVISIONS AND DEFINITIONS

A. Waiver. No waiver of any default of the Lessee hereunder shall be implied from any omission by the DPL to take any action on account of such default if such default persists or is repeated, and no express waiver shall affect the default other than the default specified in the express waiver, and that only for the time and to the extent therein stated. One or more waivers of any covenant, term or condition of this Lease by the DPL shall not be construed as a waiver of any subsequent breach of the same covenant, term or condition. The consent or approval by the DPL to or of any act by the Lessee requiring the DPL's consent or approval shall not be deemed to waive or render unnecessary the DPL's consent or approval to or of any subsequent or similar acts by the Lessee. The acceptance of Lease fees by the DPL shall not be deemed to be a waiver of any of the terms or conditions, including the remedies of the DPL. No covenant of this Lease shall be deemed waived by either party unless such waiver is in writing and signed by the party waiving the covenant.

B. Agreement Complete. It is hereby expressly agreed that this Lease, together with the exhibits attached hereto, contains all of the terms, covenants, conditions and agreements between the parties hereto relating in any manner to the use and occupancy of the Premises, and that the execution hereof has not been induced by either of the parties by representations, promises or understandings not expressed herein and that there are no collateral agreements, stipulations, promises or understandings of any nature whatsoever between the parties hereto relating in any manner to the use and occupancy of the Premises, and none shall be valid or of any force or effect, and that the terms, covenants, conditions and provisions of this Lease cannot be altered, changed, modified or added to except in writing signed by the parties hereto.

C. Interpretation. The language in all parts of this Lease shall be in all cases construed simply, according to its fair meaning, and not strictly for or against the DPL or the Lessee. Part 200 – Policies and Procedures for Temporary Non Exclusive Occupancy of Public Lands

DPL’s authority does not extend to the issuance of land use permits and licenses. “Land use” in the licensing and permitting context generally involves the regulation of specific uses or activities, without regard to ownership or authorization to occupy land. The authorities that regulate the use of “land use” in the Commonwealth include Zoning, BECQ, Historic Preservation Office, DLNR Division of Fish and Wildlife, and other Government regulatory agencies that issue permits and licenses pursuant to their respective enabling legislation. DPL, however is charged with management of the use of public lands, subject to its land use plan and all other land use regulations and regulatory agency approvals. The regulations in this Part describe how the DPL will manage and authorize such public land use, and the fees and charges that will be imposed therefore. These regulations neither supersede, nor amend the Commonwealth’s land use regulations.

§ 145-70-201 General Requirements

- (a) The temporary occupancy of public lands or properties may be authorized via Temporary Occupancy Agreements (TOA), Concession Agreements, Permits, Temporary Authorizations (TA), and other agreements appropriate for the activity to be conducted. Part 300 – Policies on Appraisals for Leases

§ 145-70-301 Appraisals

Procedures are hereby established for the regular appraisal of all public lands leased for commercial purposes, which ensure that the fair market value basis for computation of Basic Rent for any given lease is updated no less frequently than every five years. All appraisal reports shall be reviewed by DPL's staff appraiser for completeness of the technical aspects, and to certify if the appraised value meets or exceeds the fair market value of the property. The findings of the staff appraisers shall be for internal use only. As this information may affect the negotiation of lease terms it shall be held confidential during negotiations. DPL may discuss any areas of concern with the independent appraiser and the Applicant.

- (a) The cost of appraisals and their review shall be borne by applicant or lessee and in no instance shall DPL reimburse the cost to lessee or offset any such costs or expenses against rent. However, DPL shall require the appraiser to acknowledge that DPL is the client and that the report is being prepared on behalf of DPL.
- (b) Appraisals shall be first prepared by an independent U.S.-CNMI Certified General Real Estate Appraiser who is licensed to do business in the CNMI. The appraiser shall acknowledge that the appraisal report is being prepared in accordance with the requirements of the appraisal standards and procedures for the benefit of the Department of Public Lands.
- (c) All appraisals must be performed and completed in compliance with the current Uniform Standards of Professional Appraisal Practice (USPAP) and the CNMI issued regulations and procedures by the Board of Professional Licensing.
- (d) The Secretary shall review all appraisal reports for reasonableness, and shall use the value shown in the report as a guide to assess annual base rent. The value may be adjusted upwards for reasonableness if deemed appropriate by the Secretary to take into account the strategic value of the property and recent real estate sales or lease transactions that were not adequately considered by the appraiser in ~~the Secretary's sole~~ DPL's opinion.
- (e) Lessee shall re-appraise the fee simple interest of the leased property every five years on the anniversary of the lease and if necessary rent shall be adjusted upward to current value based on the new appraisal as adjusted by the Secretary in conformance with these regulations.

Part 400 – Application Processing Fees

DPL shall charge an application fee to recover the cost of processing. Unless otherwise stated in these regulations, the application and renewal processing fees are as follows:

 - (6) Provide five-year pro forma financial statements including business gross revenue projections starting in year one of operations including rental income lessee anticipates to receive from subtenants, and the potential BGR of subtenants;
 - (7) Provide an estimate of number of jobs required for operations (total full time equivalents) and shall provide recruiting plans.

- (d) Criteria for comparing competing proposals include:
 - (1) Rental income to DPL in absolute dollars;
 - (2) Cost of construction of the development (and anticipated value of improvements);
 - (3) Lessee's credit worthiness and ability to fund the proposed development;
 - (4) Consistency of the proposed development with DPL's land use plan and other applicable land use laws and regulations.

- (e) In the event two or more proposals are determined to be similarly advantageous, DPL may request more information from respondents for clarification purposes, or conduct in-person interviews to determine the proposal that is most advantageous to DPL and its beneficiaries.

- (f) DPL shall always request a best and final offer on the amount of rent payments and public benefit options before selecting the final proposal.

- (g) In the event there are more than one interested party in the same property (whether all or portions thereof), priority shall be given to the party that is willing to pay the highest premium above the minimum payment amount and whose proposal is most consistent with the highest and best use of the property.

- (h) Criteria for award:
 - (1) Highest rental income to DPL;
 - (2) Cost of construction;
 - (3) Consistency of the proposed development with DPL's land use plan;
 - (4) Lessee's credit worthiness and ability to fund the proposed development;
 - (5) Negotiated lease terms most favorable to DPL.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

Ralph DLG. Torres
Governor

Victor B. Hocog
Lieutenant Governor

EXECUTIVE ORDER NO. 2017-03

SUBJECT: DECLARATION OF A STATE OF SIGNIFICANT EMERGENCY

AUTHORITY: I, RALPH DLG. TORRES, pursuant to the authority vested in me as Governor of the Commonwealth of the Northern Mariana Islands by Article III, § 10 of the Commonwealth Constitution and P.L. 18-4, § 104 of the Homeland Security and Emergency Management Act of 2013, do hereby declare a State of Significant Emergency for the Commonwealth of the Northern Mariana Islands due to the imminent threat of the inability of the Commonwealth Utilities Corporation ("CUC") to provide critical power generation, water, and wastewater services to the CNMI and considering the harm such condition would pose to the community, environment, and critical infrastructure of the Commonwealth of the Northern Mariana Islands.

WHEREAS, CUC IS THE SOLE ELECTRICITY SUPPLIER to the Government of the CNMI, including all public safety activities, the schools, and the only hospital. CUC also supplies electricity to most of the CNMI's businesses and homes. While some businesses and agencies own backup generators, they are not generally organized to use the backups as permanent power sources and the diesel oil purchased to run these generators is substantially more expensive than that used for CUC power.

WHEREAS, WITHOUT CUC ELECTRICITY:

- (1) Most CNMI economic activity would come to a halt, much refrigeration and air conditioning would end, and the airports and ports would be forced to rely on emergency generation on the limited, expensive oil supply for it;
- (2) The CNMI's health and safety would immediately be at risk because traffic signals and street lighting would cease to function; emergency, fire, police facilities and their communications systems, and the hospital and island clinics would have to rely on limited fuel supplies for emergency generation and then cease functioning; and much refrigeration of food and medicines would end, as would air conditioning for the elderly and sick;

- (3) The public schools and the Northern Marianas College would close. Other educational institutions would close as their backup fuel supplies for emergency generators were exhausted; and
- (4) Water and sewage treatment would soon end. One of CUC's largest electric customers is the combined CUC Water and Wastewater Divisions. CUC is the sole supplier of electricity for these systems. CUC's water system relies on electricity to maintain the system pressure needed to prevent the backflow of pathogens, to chlorinate, and to pump, store, and distribute water supplies. CUC's wastewater system requires electricity to collect, pump, process, treat, and discharge sewage. The lack of electricity could result in sewage overflow, contaminating land and water.

WHEREAS, THERE EXISTS A FINANCIAL CRISIS:

- (1) CUC is owed over \$20 million by the public school system ("PSS") and the Commonwealth Healthcare Corporation ("CHC") and is owed over millions more by other users;
- (2) Although the commonwealth economy has recently improved, the improvement is only marginal and the economy and the government's finances are still fragile. This government strains to meet its obligations.
- (3) CUC often only has days' worth of purchased diesel fuel to power its system because it lacks the funds to buy oil from its sole, cash-only supplier. CUC has no credit or other means to buy fuel than the revenue it collects from its customers;

WHEREAS, THERE EXISTS A TECHNICAL WORKER CRISIS:

- (1) CUC faces a manpower crisis. Skilled worker and a responsive support system are key to the success of the operation, particularly for preventative maintenance. At present, CNMI law at 3 CMC §§ 4531 and 4532 prohibits CUC from hiring any more non-U.S. technical workers;
- (2) CUC bears a substantial obligation to deliver highly technical work on time to the satisfaction of the U.S. District Court and the U.S. Environmental Protection Agency ("EPA"), pursuant to two sets of consent, or "Stipulated Orders." Failure to meet the requirements of the federal court orders could subject CUC and the CNMI to substantial fines and charges and, in the extreme, to a federal takeover of their finances;
- (3) CUC requires employees with specialized training. There are many non-U.S. citizens whom CUC needs to retain on technical and professional contracts. Without these positions filled, CUC operations would be severely compromised;

- (4) The legislature, through P.L. 17-1 (Mar. 22, 2010), has limited CUC's ability to hire technical staff, eliminating prior statutory permission to hire up to nineteen foreign workers and reinstating a moratorium on the government's hiring of foreign nationals, even if needed for highly technical positions for which no local or mainland citizens are available. The CUC Act, as subsequently reenacted by P.L. 16-17 (Oct. 1, 2008), provides that CUC shall hire such persons as are necessary for operations, *except as otherwise limited by other law*. 4 CMC § 8123(h);
- (5) There are not enough U.S. citizen or U.S. resident technical specialists at CUC to perform the power generation work, particularly specialists with experience in the type of engines that CUC uses. U.S. citizens with the necessary skills are not readily available in the CNMI and it is costly to recruit from the United States. CUC believes that the vast majority of skill sets, considering its cash restrictions, must come from non-U.S. personnel. CUC has tried to hire diesel mechanics in the CNMI, but has been unsuccessful in finding enough qualified candidate;
- (6) The impact of an inadequate workforce is substantial. First, there would be a direct deterioration of service to existing customers. There would be brownouts or area blackouts with the above-mentioned loss of service. Second, the power plants would again degrade, producing more of these outages. Third, if CUC fails to meet federal court deadlines for the Stipulated Orders, the Court could appoint a federal receiver and its consulting team with all expenses charged to CUC customers.
- (7) CUC's renewal of contracts and hiring of foreign expert workers is necessary to sustain the integrity of CUC's systems. Thus, continued relief from the legislative prohibition on hiring foreign national workers is necessary to ensure the delivery of uninterrupted power services to the people of the Commonwealth. The legislature is urged to address this matter by way of amending local law to allow CUC to continue employing the services of foreign workers for such technical positions difficult to fill and to provide for a reasonable transition period.

WHEREAS, BY THIS DECLARATION OF A STATE OF SIGNIFICANT EMERGENCY, I intend to enable CUC to continue to provide necessary services to the people of the Commonwealth. This Declaration is necessary to protect the health and safety of our children, our senior citizens, businesses, and all other CNMI residents and visitors.

NOW, THEREFORE, I hereby invoke my authority under Article III, § 10 of the Commonwealth Constitution and P.L. 18-4 § 104(c), to take all necessary measures to address the threats facing the Commonwealth of the Northern Mariana Islands.

It is hereby **ORDERED** that:

This Declaration of a State of Significant Emergency shall take effect immediately and all memoranda, directives, and other measures taken in accordance with this Declaration shall remain in effect for thirty (30) days from the date of the Executive Order unless I, prior to the end of the thirty (30)-day period, terminate the declaration of a state of significant emergency. P.L. 18-4, § 104(g)

Caller Box 10007 Saipan, MP 96950 Telephone: (670) 237-2200 Facsimile: (670) 664-2211/2311

Under authority of this Declaration and the goal of mitigating or ameliorating the above described crises, I immediately direct the following:

DIRECTIVE: Insofar as it applies to CUC, 3 CMC § 4531 is hereby suspended. As a result of the suspension of 3 CMC § 4531, CUC shall have the full power and authority to retain staff which may include employees other than citizens and permanent residents of the United States.

The above described Directive is in no way meant as the limits of my actions or authority under this Declaration. Accordingly, I reserve the right under this Declaration to issue any and all directives necessary to prevent, mitigate or ameliorate the adverse effects of the emergency.

SIGNED AND PROMULGATED on this 16th day of March, 2017.
